Adding to your savings

Up to 29 March 2019 you can add to your savings in the following ways:

By debit card

To add to your account using your debit card, you will need to register for our Online Service. If you open your account online, registration is part of the account opening process and you can add by debit card straight away.

If you don't open your account online and you are not already a user of our Online Service for an existing account with us, you can register via our website once you have received your Certificate. After you have registered, we will send you a verification code. For security reasons, this is sent by post. You need this code for your first login, and you will only be able to add to your account by debit card once you have logged in and entered your verification code.

Please note that the debit card you use to deposit money into your Premium Saver (3) must be registered to the residential address we hold for you.

By transfer from your bank account

To send additional savings directly from your bank or building society account the banking details you will need for us are:

Payee: Family Building Society
Payee's bank sort code: 40-02-50
Payee's bank account number: 21397400

Payee's reference: your 10 digit Premium Saver (3) account number.

By cheque

You can send us a cheque for your additional savings through the post. Cheques should be made payable to "Family Building Society" followed by your account number.

By transfer from another account with us

If you have another savings account with us, you may transfer some or all of your savings to the Premium Saver (3), (subject to normal withdrawal terms of the paying account).
