Retirement Interest Only (RIO) mortgages

This document provides you with a summary of important information about our RIO mortgages. If you have any questions, please speak to your mortgage advisor.

Interest Only

Our RIO mortgages are available on an Interest Only basis only. This means the monthly payments will go towards repaying the interest charged and not the money which was originally borrowed (the capital). There is no roll up of interest and the mortgage is repayable on the occurrence of the earlier of the following life events for you, or where there are joint borrowers, each of you:

- Move out of the property to live elsewhere and you have no reasonable prospect of moving back (e.g. you move into care).
- Purchase or move into a new property which will be your main residence or you no longer use the property as your main residence.
- Sell the property.
- Pass away, or where there are joint borrowers, the passing away of the last occupying borrower.

Term

There is no fixed end date for RIO mortgages. The mortgage becomes repayable on one or more of the specified life events (see Interest Only section above). The term used for illustrative purposes will be based on a ten year period unless you specify an alternative term for us to use.

You can choose to repay the mortgage at any time but this will be subject to any applicable Early Repayment Charges and/or mortgage Exit Fee.

Sale of property

Repayment of the mortgage is triggered by one of the above life events, and the proceeds from the sale of your home will be used to repay the mortgage balance and any accrued interest. This may reduce the value of your estate and the amount your beneficiaries will inherit. You may wish to talk to your family and other possible beneficiaries before taking out this mortgage.

Should the outstanding loan exceed the sale proceeds, the balance of the remaining loan will still need to be paid, for example, from your savings, other assets or your estate.

Registered contact

Under the terms and conditions of all our RIO mortgages, we require you to nominate a registered contact as part of the mortgage application. A suitable registered contact is required for the life of the mortgage. This person, or persons, will be the point of contact with us if we are unable to contact you. If the registered contact is removed at the request of either yourself or the contact, a suitable replacement should be provided before this can happen. If this happens, your new registered contact will need to complete the RIO Registered Contact Declaration form. Where this is initiated a new Registered Contact Declaration form must be signed.

The registered contact is not responsible for any obligations in respect of the mortgage. They will be provided only with information relating to the mortgage in the event we are unable to contact you and will not be able to transact or instruct changes.

You should refer to the RIO Registered Contact Declaration form for further details on conditions and responsibilities of both yourself and your registered contact. This declaration should be signed and returned to us along with the mortgage application form.

The nomination of a registered contact will no longer be valid if you become unwell and/or are unable to manage your account. You may wish to consider making a Lasting Power of Attorney to appoint someone to help you make decisions or to make decisions on your behalf if you are unable to do so.

Changes to personal circumstances

Having a RIO mortgage is a long term commitment and you should consider how possible future circumstances such as increased spending on medical / care costs or interest rate rises may affect your ability to keep up with the mortgage payments. Similarly, you should consider how making the mortgage payments may impact your ability to afford any potential future needs, such as additional care costs.

If during the life of the mortgage you get into financial difficulty, and are unable to afford your mortgage repayments you should contact us as soon as possible to explore alternative options. These options will depend on what products we have on offer at the time but may include equity release, Joint Mortgage Sole Owner arrangements or payment holidays. If after thorough exploration none of the options are suitable for your circumstances, you will be required to sell your home and use the sale proceeds to repay the mortgage. If you are either unable or unwilling to sell your home we will be entitled to issue repossession proceedings.

Advice

You are required to receive advice on the suitability of a RIO mortgage either from our in house advice team or an intermediary. As part of the advice process you will need to discuss any entitlement you may have (if any) to means-tested benefits and your tax position and whether the benefits of a RIO mortgage impact your eligibility to these benefits or tax position. Where you are receiving in house advice you will be referred to an external source such as the Pension Service, HMRC or Citizens Advice (or other similar agency) to establish the information needed.

Lifetime Mortgage

A RIO is not a lifetime mortgage. A lifetime mortgage may be available and more appropriate for your financial and personal circumstances. If you have any questions about this, please speak to your mortgage advisor.

Additional Borrowing Application Fee, Product Fee and solicitors costs

There is a single Application Fee of £125 for arranging a further advance. The fee covers the cost of a revaluation if we require it and the fee must be paid at the time of application, either by cheque accompanying the application or by giving your debit card details in the relevant section of the application form. In addition there will be legal costs associated with the further advance (minimum £100) together with the Product Fee, if applicable, for your chosen product.

These costs will be deducted from the loan at completion. You may be able to add the Product Fee to the mortgage amount subject to the maximum loan to value not being exceeded. We will be represented by our Legal Department and the actual charge, inclusive of disbursements, will be advised prior to completion.

Product Switch Fees

There is no cost to transfer to a new product for loans up to and including £1 million. For loans above £1 million the cost to transfer will be provided when enquiring. Where applicable the Transfer Fee will be shown separately on your mortgage statement. This fee is payable, by cheque, when you return the Product Transfer Acceptance Form.
